In response to the NAB's petition 04-160, I want to register my concerns and objections to this petition. I, like many others, pay for and benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. Since this is a pay for service, I do not feel that it should be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming that I pay for and deserve.
